Orchestrator scheduler · Generator
Routing / Build / Coverage / Checker
Feedback · Minimizer + C-Reduce
all read/write through state; every result appended
Versioned blackboard (only linkage channel)
locked invariant–checker pair · applicable ISAs · budget
seed corpus and lineage · routing/build artifacts · cumulative coverage
four-state verdict history · deterministic evidence · feedback guidance
minimized PoC · revalidation result · review-ready finding record
versioned replay · explicit edges · provenance
REPRODUCIBLE pin a version → inputs fixed
ABLATABLE switch each linkage edge independently
AUDITABLE trace every claim to deterministic evidence
